

Dengue NS1

Rapid test

ORDERING INFORMATION

PACK SIZE	CAT NO.
10 Test	LG009- 10 T
25 Test	LG009- 25 T
50 Test	LG009- 50 T

- Whole blood /Serum /Plasma
- 24 Month shelf life
- Storage 2°C to 30 °C
- Results within 20 min.
- Highly specific and sensitive

There are four dengue virus serotypes (DENV-1, DENV-2, DENV-3 and DENV-4) that cause human infection. Infection with one serotype of DENV provides immunity to that serotype for life, but doesn't provide protective immunity to the other serotypes. Dengue infection results in illness ranging from mild and asymptomatic to life-threatening forms of dengue hemorrhagic fever (DHF) and dengue shock syndrome (DSS).

Contract Manufacturing option available
OEM option also available
